FREE TRIALS

Talented u6-u11 footballers with birthdays between March & August*

Late Birthday Project (LBP), an innovative, new football academy, is looking for the best young players in Surrey and Sussex born between March and August only*.

LBP combats the significant **Relative Age Effect**** in youth football, by allowing talented younger players to flourish without the influence of older, bigger boys.

- Pro-academy Environment, Coaching & Opportunities
- Invitation-only Boys Squads – U6-U11
- UEFA Qualified Coaches and 3G Pitches
- Philosophy and Curriculum inspired by AFC Ajax
- FREE: Futsal programme - Adidas team kit
- Scouts attending and close links with pro clubs
- Showcase Fixtures and Tournaments
- Covering Surrey, Sussex and South London
- Membership from £28 per month

FREE TRIALS

Elite and Development Groups for ages U6 to U11 (Goalkeepers U8 to U11).

*Genuine late-developers born in January or February will also be considered.

**'Relative Age Effect' (RAE) - a bias in elite youth sport where participation is far higher among those born early in the academic year. In football, 45% of players at Premier League and Category 1 academies are born between September and November, but just 10% are born between June and August (EPPP, 2013).
